The Law Enforcement Mountain Operations School (LEMOS) will be offering two sessions of the Basic Mountain Operations Course (BMOC) in 2027:

BMOC 2027-01, January 9-14, 2027
BMOC 2027-02, February 20-25, 2027

The cost for this course is $750.00 (U.S.) per student for sponsoring agencies Royal Canadian Mounted Police (RCMP), United States Border Patrol (USBP), Washington Department of Fish and Wildlife (WDFW), United States Forest Service (USFS), Spokane County Sheriff's Office (SCSO), and $950.00 (U.S.) for non-sponsoring agencies. This includes food, accommodations, training, and all course materials.

The course will be conducted at the Priest Lake Ranger Station, Priest Lake, Idaho. LEMOS sponsoring agencies have enrollment priority. Each course will be limited to a maximum of 24 students.

Students positions will be confirmed after acceptance of the application by LEMOS administration, and upon receipt of tuition payment. Failure to provide tuition payment after application acceptance may result in the training spot being reallocated. The enrollment deadline for these courses is November 1, 2026. Late applications may be accepted, depending on availability.

The attached application form needs to be completed for each student being enrolled. This is a simultaneous application process for both courses and the student must indicate which course he or she is applying for. This is a two-stage application process:

Stage 1—Complete and submit an application form for each student prior to November 1, 2026. Applications from non-sponsoring agencies are prioritized in the order they are received. Please send completed applications to:

scsoregionaltraining@spokanesheriff.org.

Stage 2– Successful applicants will be notified and receive detailed joining instructions. Tuition payment must be submitted to the Spokane County Sheriff's Office through https://client.pointandpay.net/web/SpokaneCoSheriffTraining at that time. Unsuccessful applicants will also be notified and may request to be wait-listed for a course.

BMOC students MUST be in good physical condition and capable of traveling 5 kilometers on snowshoes, carrying 40 pounds of equipment in day and night winter conditions. Training days may exceed 12 hours.
